WOLNO MI SCHOOL

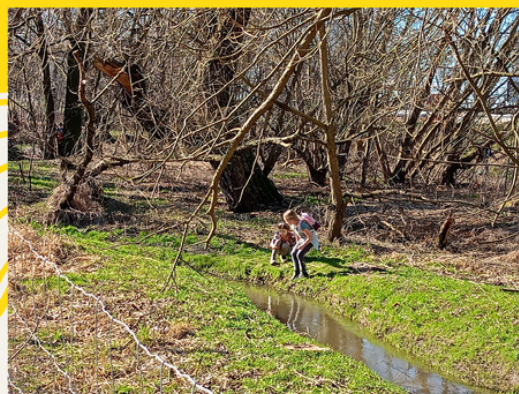

Wolno Mi School is a small democratic school in Gliwice. The school educates 42 children aged 7 to 14. The children study in mixed age groups.

At our school, we leave children free to decide on their own educational path. At the same time, we try to ensure that what we offer in the field of education, meets the needs of today's children.

An important element of our approach are outdoor activities, we spend a lot of time outside the building.

We look for and support the development of children's talents and strengths, and we also try to enable adults at school to use their strongest assets.

Good relationships are the key to building an environment conducive to learning.

The volunteers are supervised by me - Kasia Dembowska-Siemaszko. I take care of introducing new people to the life of the school, as well as the ongoing work of volunteers. We meet regularly to summarize previous activities and plan further ones.

I am supported by group teachers - Ida Kasprzyk and Krystian Zdynowski, who take care of the implementation of volunteer projects in their groups.

Ewa Król - our director and Olga Błażytko - administrative head, provide assistance in matters related to volunteers' lives issues.

We can also count on the support of parents, who are a very important and involved part of the school community.

VOLUNTEER'S ACTIVITIES

EKS volunteers are an important element of our everyday life. Thanks to them, we all have the opportunity to experience cultural diversity.

Our volunteers actively participate in school life by joining in everyday and special events.

They conduct classes about their country and culture, propose and conduct classes/activities related to their personal talents and interests, and accompany children in their free play.

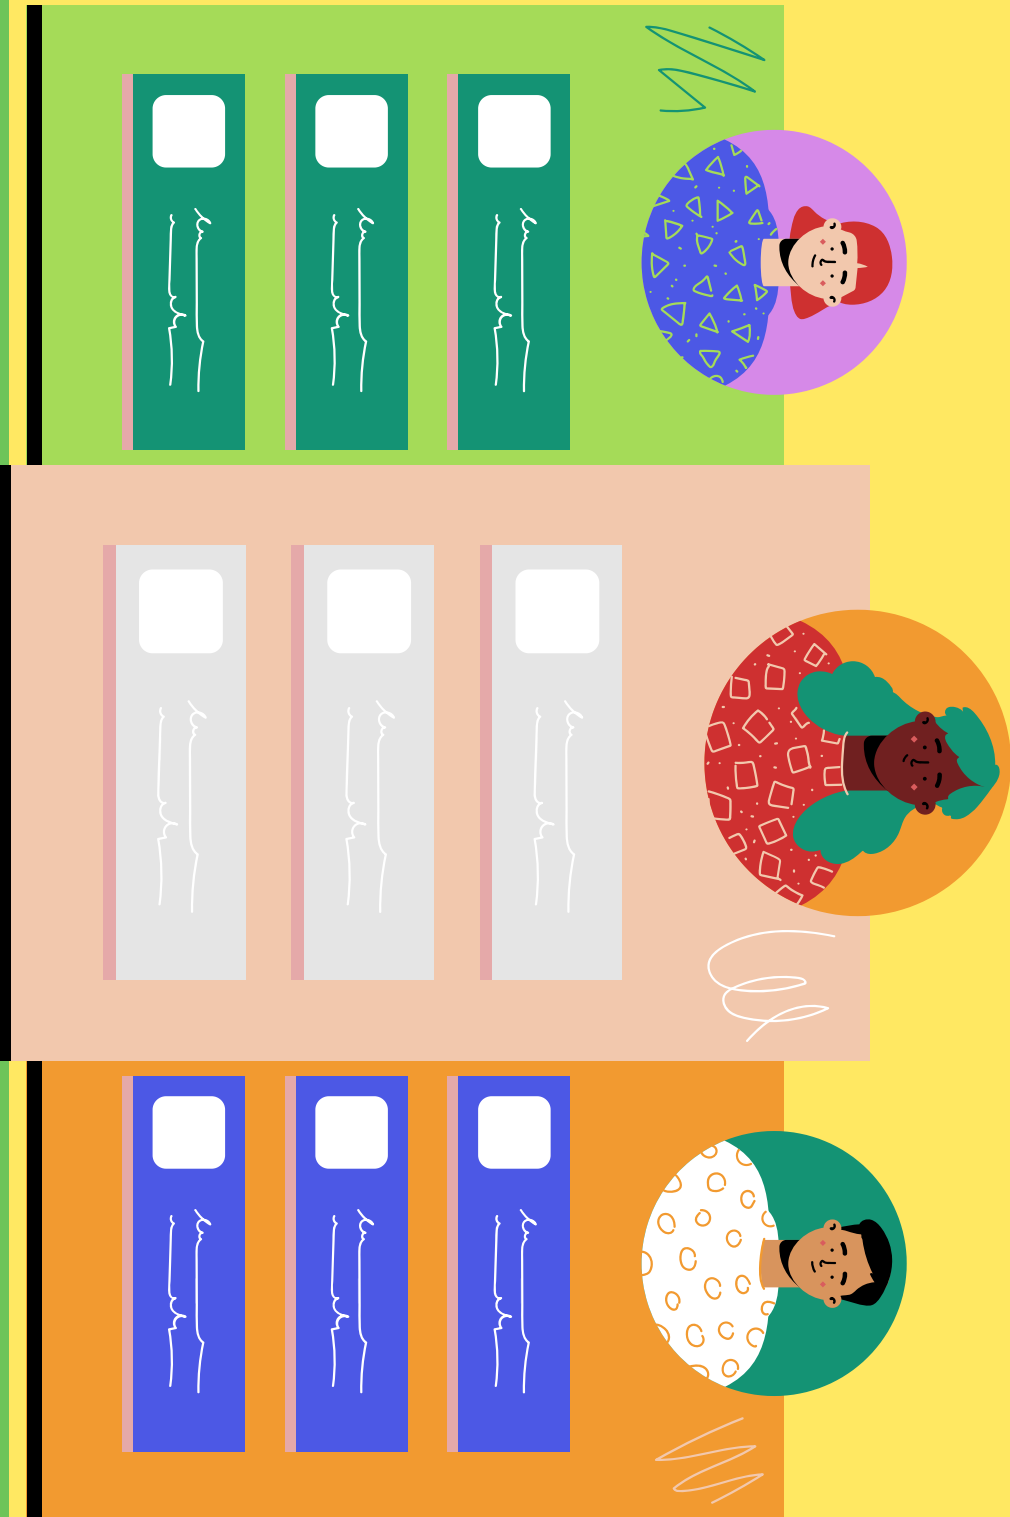

If volunteers are willing to, we're very happy if they respond to children's needs, in terms of sharing their skills (e.g. learning a language, playing an instrument, crocheting, etc.). Our volunteers also accompany groups on outings and trips and support staff in caring for the group during this time. Twice a year we spend a weekend in nature with the entire community to integrate and build good relationships. We travel together - children, teachers, volunteers and parents.

PROFILE OF THE VOLUNTEER:

Our ideal volunteer should be socially committed, willing to work for the benefit of the local community, open-minded, communicative and not afraid of the challenges brought by international cooperation. A person who:
